This guide is brought to you by the Monroe County Mental Health Coalition.

Mission: Improve access to mental wellness services and reduce stigma across the generations

To join the coalition or for questions, contact Kayleigh Day, Community Health Educator,
Monroe County Health Department 608-269-8666 or kayleigh.day@co.monroe.wi.us

Resource guide created 10/2016; updated 01/2019

Mental Health

What is it?

“Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.

Over the course of your life, if you experience mental health problems, your thinking, mood, and behavior could be affected. Many factors contribute to mental health problems, including:

- Biological factors, such as genes or brain chemistry
- Life experiences, such as trauma or abuse
- Family history of mental health problems

Mental health problems are common but help is available. People with mental health problems can get better and many recover completely.”

(Source: Mentalhealth.gov, 2017)

“Caring for the mind is as important and crucial as caring for the body. In fact, one cannot be healthy without the other.”

Coping Strategies

According to Mental Health America, these 10 tools have been proven to help people feel stronger and more hopeful.

- 1. Connect with others:** Lean on a few people who support you, make friends, strengthen relationships or attend a support group.
- 2. Stay positive:** Practice gratitude, write about a positive future, and look for the “silver lining.”
- 3. Get physically active:** Exercise and be active.
- 4. Help others:** Do nice things for others (e.g., carrying in a neighbors groceries), or volunteer.
- 5. Get enough sleep:** Take steps to sleep better, such as setting a regular bedtime, avoiding caffeine before bed, or creating a bedtime routine.
- 6. Create joy and satisfaction:** Find things that make you laugh, engaging in activities that are fun, practice mindfulness.
- 7. Eat well:** Eat a balanced diet
- 8. Take care of your spirit:** Participate in organized religion, meditation, or connect with yourself.
- 9. Develop a wellness toolbox:** Use coping tools such as writing, tackling problems, shifting thinking, or getting support from others.
- 10. Get professional help if you need it:** Mental health providers can provide counseling, therapy, and prescribe medication.

For more information on these 10 tools, visit <http://www.mentalhealthamerica.net/ten-tools>

Or for more information on other coping strategies, visit <https://www.helpguide.org/>
